HOW CAN I BENIFIT YOU/YOUR COMPANY ?

- I am a Young Coder 16 Years Old who can Benefit your Company over the long run for many Years!

- I can deliver high-quality work on time, prioritizing quality over quantity.

- I am confident enough to tell you that i am skillful enough to work at your Company.

- As Per my Portfolio Website, I have a keen eye for design and can create visually appealing websites that align with your brand identity, enhancing your company's image and reputation.

EXPEREINCE

Overall I have 4+ Years of **Coding** experience (Not Work Experience), I have created many Projects Big and Small over my Learning Years.

- You can check out my GitHub Profile, which has some Great Projects built by me.
